## Summary

Air Force veteran, developer, and manager with experience leading departments with each over 150 USAF servicemen and women and training in top utilized web languages and platforms. I would love to enter a community dedicated to providing selfless and sincere service while making positive use of my strengths in communication, ideation, management, and interpersonal engagement.

## Education

### True Coders — *Advanced Technical Training* — Sep 2023 - Dec 2023

- Over 300 hours of intensive, project-based training in web technology skills and programming languages such as SQL, Git, HTML, CSS, and JavaScript.
- These skills were developed by building multiple JS and SQL projects
- JS and SQL Projects were tracked using Git and GitHub for source control.

### U.S. Air Force Academy — *Bachelor of Science in Management* — Aug 2015 - May 2019

- Intensive 4 year academic education with simultaneous Air Force officer training to develop necessary leadership and critical-thinking skills for a wide variety of implementation in groups and organizations.
- Minor earned in Russian language studies.

## Projects and Experience

### Library and Tic Tac Toe — JS | SQL | HTML | CSS

Utilized JavaScript to develop a multi-file type library database. Created multi-user interface for interactive gameplay in the classic Tic Tac Toe.

#### Project Highlights

- Created projects using JavaScript on mySQL platform
- Library allowed for multi-file type storage, capacity:##
- Allowed the user to interact with another user for specific gameplay moves.
